

## Blackboard Video Assignments

Planet eStream customers who use Blackboard as their LMS can allow students to submit video assignments to Planet eStream via Blackboard. Submitted assignment videos are automatically embedded into the Blackboard grading tools.

### Step 1: Creating the Assignment

On a relevant Blackboard course create a new assignment.

Give the new assignment a title and description. You can type what you want the user to submit in the text box or select Planet eStream from the Mashups list to use the Web Recorder to create video instructions.

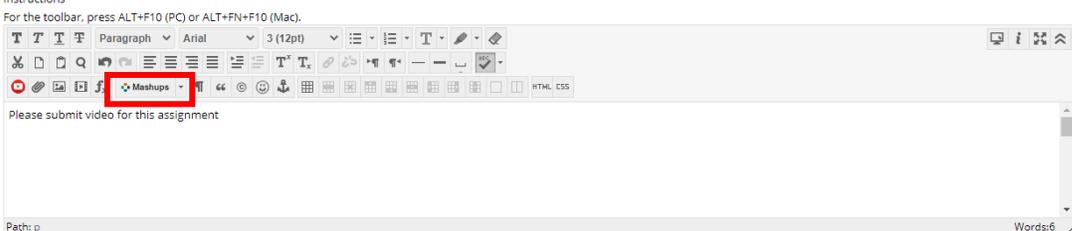

Create Assignment  
Assignments are a form of assessment that adds a column to the Grade Center. Use the Grade Center to assign grades and give feedback to each student. [More Help](#)

\* Indicates a required field.

**ASSIGNMENT INFORMATION**

\* Name and Color: Video Assignment █ Black

Instructions  
For the toolbar, press ALT+F10 (PC) or ALT+FN+F10 (Mac).

Please submit video for this assignment

Path: p Words:6

Next, determine how the assignment will be graded, add any additional information, and make the assignment available. Click Submit to finish.

Text Submission

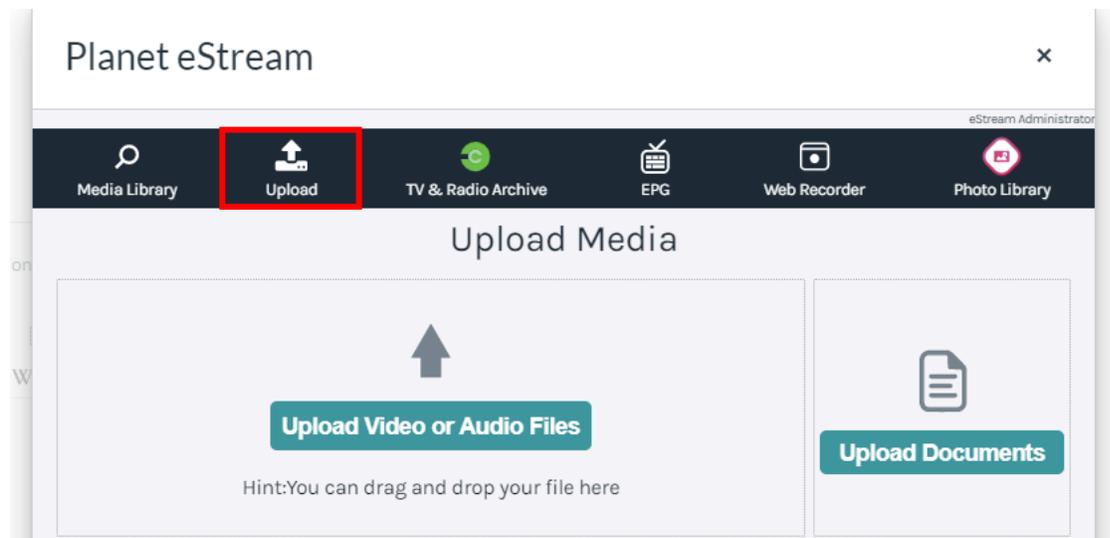

Attach Files

Select Planet eStream Item from the Mashups dropdown. The Planet eStream plugin will be launched.

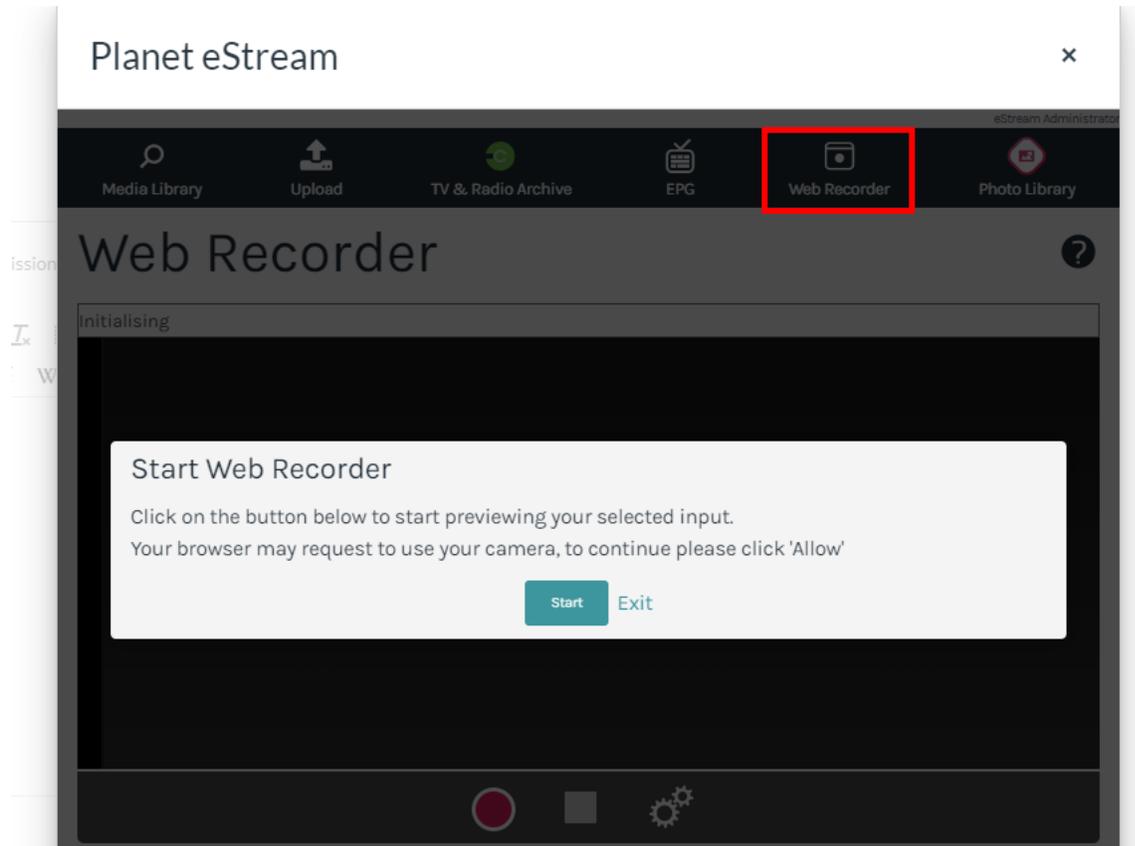

When the plugin loads the options available will depend on the Planet eStream licence your organisation holds and the permissions that the students have. Typically, they will be able the Media Library, Upload and Web Recorder Options.

To upload a new video assignment, select Upload. You can then drag-and-drop or click the Upload Video or Audio file option. Next, add your information as usual and select the Upload option.

To create a new video capture of your webcam, screen, or both, select the Web Recorder option. Configure your settings as usual and hit Record. Then press Stop, enter any relevant information and upload.

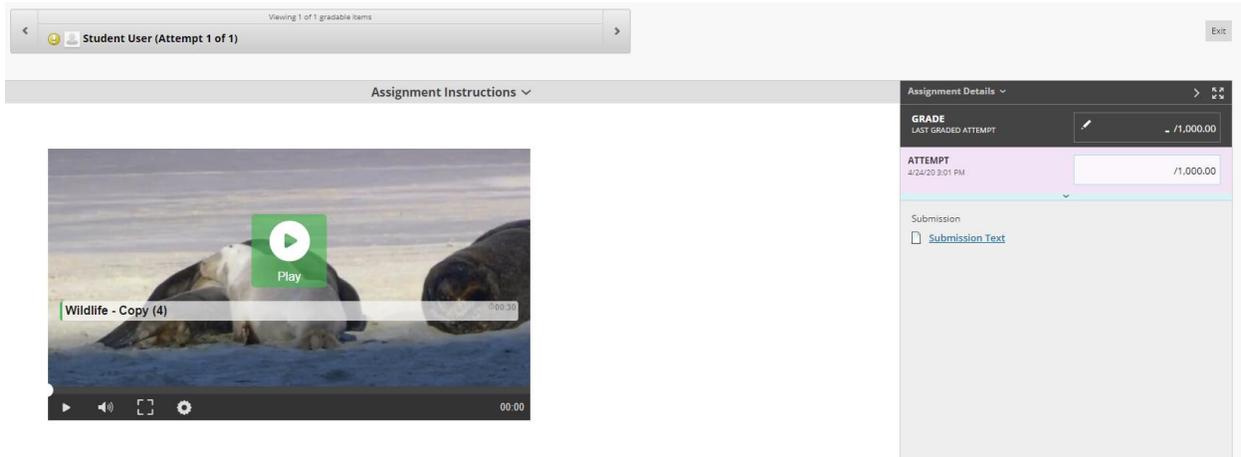

Once you have added the video or videos that you want to submit as an assignment, add any relevant comments or additional information and select Submit Assignment.

### Step 3: Grading Submissions

As an Educator navigate to the Blackboard grading tools. All submissions for each student should be visible. Select a student name to grade the submissions and select the relevant assignment.

The submission is embedded into the grading tools. You can view the video back, add any comments and then give a grade.

The screenshot displays the Blackboard grading interface. At the top, a navigation bar shows "Student User (Attempt 1 of 1)" and "Viewing 1 of 1 gradable items". Below this, a header bar contains "Assignment Instructions" and "Assignment Details". The main content area is split into two sections. On the left is a video player with a play button and the title "Wildlife - Copy (4)". On the right is the "Assignment Details" panel, which includes a "GRADE" section with a pencil icon and a score of "/1,000.00", and an "ATTEMPT" section with a date and time of "4/24/20 3:01 PM" and a score of "/1,000.00". Below the attempt information, there is a "Submission" section with a link labeled "Submission Text".
