

Moodle Assignments

As well as simply displaying content from Planet eStream via Moodle you are also able to use the Planet eStream Moodle assignment plugin to set video assignments and allow video submissions from your students.

Step 1: Creating an Assignment

Navigate to a relevant Moodle course and then add a new Activity or Resource. Next, select **Assignment** from the list of options. From the text editor select the green Planet eStream 'E' to use a video as the assignment description or type in a description for the assignment.

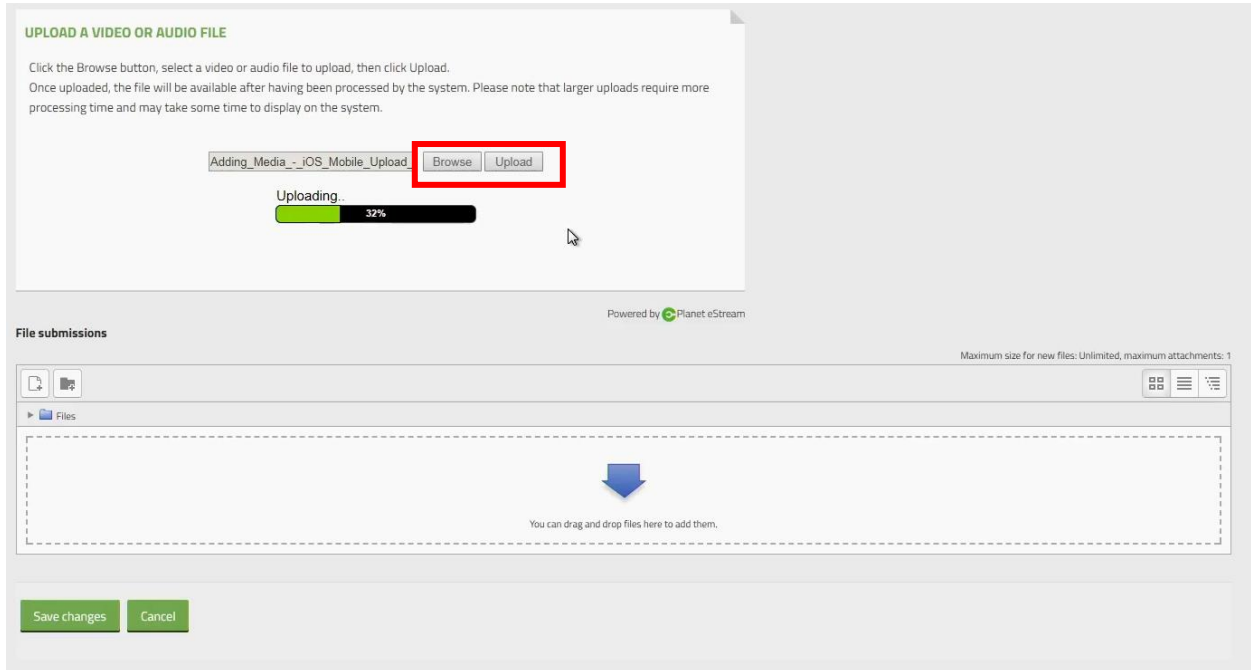

The screenshot shows the Moodle assignment creation interface. At the top, there is a green header with the Planet eStream logo and navigation links: Home, My Home, My Courses, and This Course. Below the header, a breadcrumb trail shows: My courses > Miscellaneous > FOL > Adding a new Assignment to 1 September - 7 September. The main title of the page is "Adding a new Assignment to 1 September - 7 September". Under the "General" section, there is a text input field for "Assignment name" containing the word "Assignment". Below that is a "Description" section with a rich text editor. The text editor toolbar includes a "Paragraph" dropdown, bold (B), italic (I), list, link, unlink, and a green Planet eStream icon. This icon is highlighted with a red box, and a tooltip below it says "Add Planet eStream item".

Once you have added your description you can then scroll down and select submission dates.

The plugin allows users to submit videos as their assignment, so make sure to enable video / audio submissions. We would also recommend not allowing files submissions to prevent any confusing.

Step 2: Making a Submission

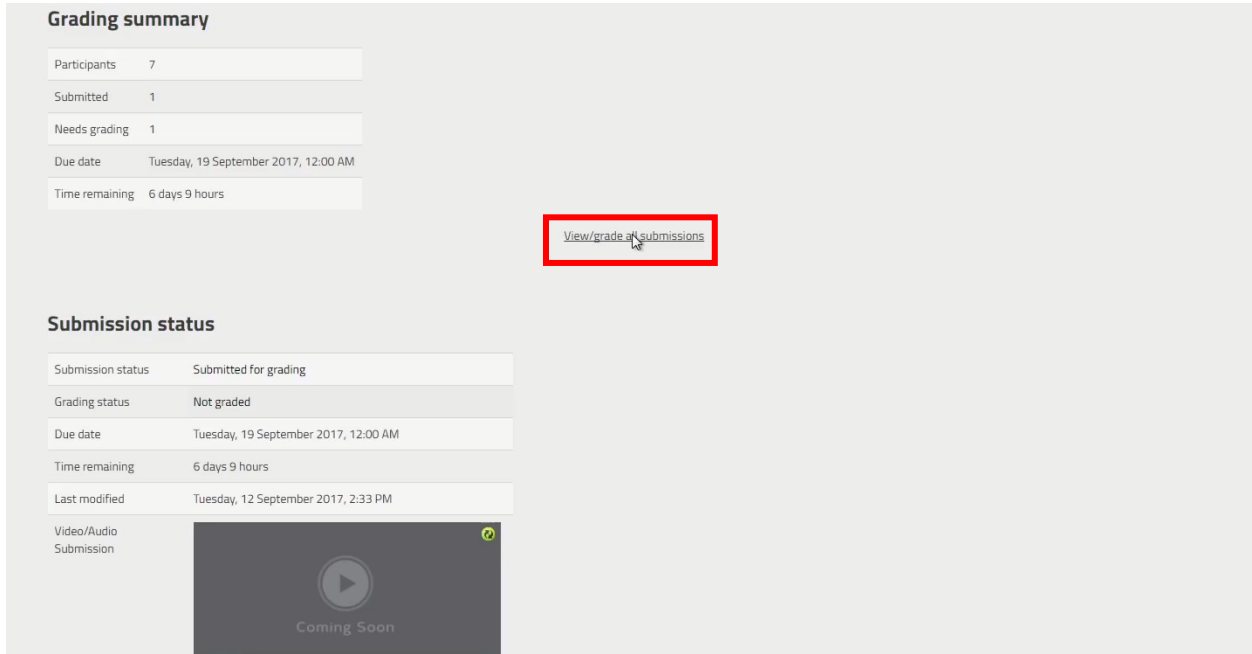

When a student navigates to the assignment, they can make a video submission. After selecting this they can navigate to a video on their device by selecting **Browse**, selecting the video and then hitting **Upload**.

The screenshot displays a user interface for uploading a video or audio file. At the top, a green header reads "UPLOAD A VIDEO OR AUDIO FILE". Below this, instructions state: "Click the Browse button, select a video or audio file to upload, then click Upload. Once uploaded, the file will be available after having been processed by the system. Please note that larger uploads require more processing time and may take some time to display on the system." A text input field contains "Adding_Media_-_iOS_Mobile_Upload". To its right are two buttons: "Browse" and "Upload", both highlighted with a red rectangular border. Below the input field is a progress bar labeled "Uploading" with a green segment indicating 32% completion. The interface is powered by Planet eStream. A "File submissions" section follows, featuring a "Files" folder icon and a large dashed rectangular area with a blue downward arrow and the text "You can drag and drop files here to add them." At the bottom, there are two green buttons: "Save changes" and "Cancel".

Step 3: Grading Assignments

The new assignment will then appear in the Moodle Gradebook, where you can view/ grade all submissions.

The screenshot shows the Moodle Grading summary page. It includes a 'Grading summary' section with the following details:

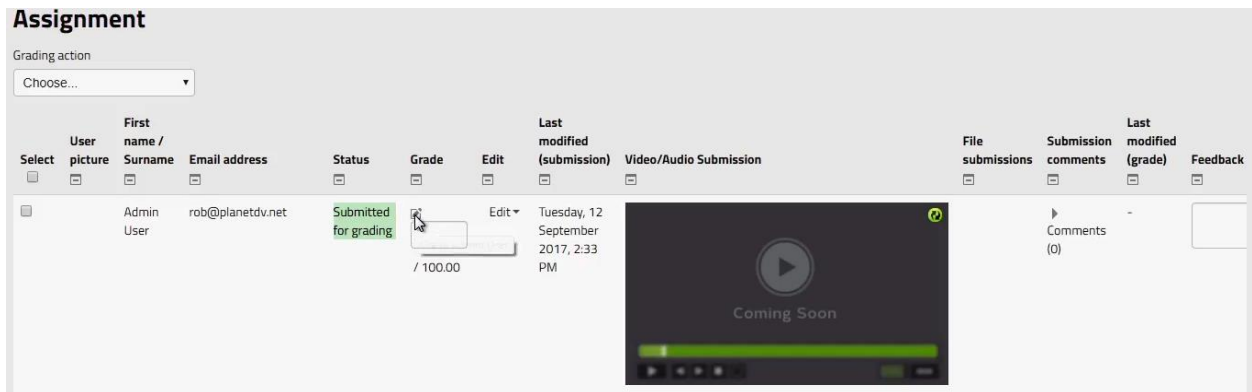

- Participants: 7
- Submitted: 1
- Needs grading: 1
- Due date: Tuesday, 19 September 2017, 12:00 AM
- Time remaining: 6 days 9 hours

A red box highlights the 'View/grade all submissions' link. Below this is the 'Submission status' section:

- Submission status: Submitted for grading
- Grading status: Not graded
- Due date: Tuesday, 19 September 2017, 12:00 AM
- Time remaining: 6 days 9 hours
- Last modified: Tuesday, 12 September 2017, 2:33 PM

At the bottom, there is a 'Video/Audio Submission' section with a 'Coming Soon' placeholder.

Each assignment upload is embedded into the Gradebook where you can view it back and grade.

The screenshot shows the Moodle Assignment Gradebook. At the top, there is a 'Grading action' dropdown menu set to 'Choose...'. Below is a table with the following columns:

Select	User picture	First name / Surname	Email address	Status	Grade	Edit	Last modified (submission)	Video/Audio Submission	File submissions	Submission comments	Last modified (grade)	Feedback
<input type="checkbox"/>		Admin User	rob@planetdv.net	Submitted for grading	<input type="text" value=""/> / 100.00	Edit	Tuesday, 12 September 2017, 2:33 PM		<input type="checkbox"/>	Comments (0)	-	<input type="text"/>
