

My School Portal

Planet eStream Customers who are using My School Portal in conjunction with the iSAMS MIS can use iSAMS student and class data in order to tag pupils in relevant Planet eStream content. That content will then be displayed to on the users' profile within My School Portal.

Step 1: Tagging Students

To tag students in Planet eStream media locate the content item you wish to tag students in on eStream and click on the **Tag Students** button:

The screenshot displays the Planet eStream user interface. At the top, there is a navigation bar with the Planet eStream logo, a search bar, and icons for Categories, View, Create, and Tools. Below this is a main content area with a large black video player on the left. On the right, the details for a video titled 'The Secret Science of Pop' are shown. The video has a duration of 01:00:00 and a star rating of five stars. It is marked as 'Public' and 'Added 3 weeks ago'. The 'Tag Students' button is highlighted with a red box. Other buttons include 'Add to', 'Share', 'Categories', 'Item Stats', 'Edit Video', 'Select Quiz', 'Edit Details', 'Edit Options', 'Manage Subtitles', 'Delete', 'Re-download from Connect', and 'Help'. The description of the video reads: 'Professor Armand Leroi, an evolutionary biologist, explores the 'scientific history of pop music' and attempts to use the data to create a hit record with producer Trevor Horn. Also in HD. [AD,S]'. The 'Broadcast Date' field is visible at the bottom.

You can either select them via an entire class, or you can search for the student manually. To do so, type in the students first or last name and then select the student from the options available. Once choosing the pupil, they will appear at the bottom. Once you're happy with the tags, click **Confirm**:

Step 2: Viewing Tagged Content in MSP

To view any content that student is now assigned to or general content that they are tagged in, firstly locate the student within your My School Portal interface. Then click on **Planet eStream Content**:

planet estream

My Account John Sign Out

Home My Children

Charles Kelly View Details

Judith Larson

Leon Kelly

Planet eStream Content

Planet eStream Content

Embed Video

Planet eStream - Standard Recordings

Planet eStream - Playlist

Planet eStream - Photosets

Planet eStream - TV recordings

Planet eStream - Documents

You will now be able to locate and view any content that the pupil is tagged in. Their parents will now also be able to view any content assigned to their child automatically via the portal. This now means that you won't need to distribute any share links, or provide any bypass authentication links to content, as parents can view the content via the parent portal. This streamlines the entire process and works well from a safeguarding perspective.

The screenshot shows the Planet eStream parent portal interface. At the top left is the Planet eStream logo. On the top right, there are links for 'My Account' and 'Sign Out', with the name 'John' next to the sign out link. Below the logo, there are navigation tabs for 'Home' and 'My Children', with 'My Children' being the active tab. On the left side, there is a list of children: Charles Kelly (with a 'View Details' link), Judith Larson, and Leon Kelly. Below this list, there is a section for 'Planet eStream Content' with options: 'Embed Video', 'Planet eStream - Standard Recordings', 'Planet eStream - Playlist', 'Planet eStream - Photosets', and 'Planet eStream - TV recordings'. The main content area is titled 'Planet eStream Content' and shows a video player for a user named 'tom rgs'. The video player displays a photograph of a cityscape at sunset, featuring a prominent domed building and a tall chimney. The video player has standard controls like play, pause, and a full-screen icon.
